

WYPALL* Colour Coded Regular Duty Wipers - Physical Properties
CONFIDENTIAL

Brand Title: WYPALL* Colour Coded Regular Duty Wipers

Description:

WYPALL* Colour Coded Wipers are versatile, offering effective and hygienic cleaning. The wipers are ideal for use in food preparation and food service applications. They can be used for soaking up spills, absorbing up to 6 times their own weight. They are reusable, are easily rinsed clean and are available in different colours for easy task segregation.

Wiper Properties:

Wiper property	Average	Test Method
Dry Strength (gf / 76mm) MD	11184	STM 5500
Dry Strength (gf / 76mm) CD	3166	STM 5500
Wet Strength (gf / 76mm) MD	9710	STM 5500
Wet Strength (gf / 76mm) CD	2991	STM 5500
MD Dry Stretch (%)	31.8	STM 5500
Water absorbency – specific capacity (g/g)	6.02	STM 2404
Water absorbency – wet out time (sec)	1.7	STM 2404
Water absorbency – capacity (g / 4" x 4")	4.69	STM 2401
Oil absorbency – specific capacity (g/g)	5.33	STM 2401
Oil absorbency – wet out time (sec)	23.4	STM 2404
Oil absorbency – capacity (g / 4" x 4")	3.17	STM 2401
